

Dicor Land: Irtec partner awarded for excellence

Dicor Land, Irtec Premium Partner, embodies excellence and innovation in the irrigation sector in Romania. For this he was awarded the title of Best Reseller, marking a significant milestone in the international market.

In 2023 Dicor Land, a trusted dealer for the Romanian territory, was awarded as the best dealer of the year. This award not only underlines the importance of the Romanian market in the field of irrigation, but also testifies to the commitment and professionalism shown in over a decade of activity.

Supplier of agricultural machinery, spare parts, technical solutions, maintenance services and financing, Dicor Land has stood out for its seriousness and dedication. With an approach centered on customer needs, it led to the development of an effective and service-oriented model.

The choice is not a bolt from the blue. Last year the collaboration between IRTEC and the Romanian retailer was a huge step forward for growth in a territory that has become central to global relations. The excellence of the products, the care in the offers, the speed in the deliveries and the qualified advice of a young and dynamic team, have made Dicor Land a reference point for farmers eager for practical and innovative solutions for the development of their activities.

Irtec is proud of this collaboration and warmly congratulates Dicor Land for its well-deserved achievement. Their success is a clear indicator of the importance and growth of the Romanian market in irrigation, in which we continue to strive to provide cutting-edge solutions to support modern agriculture.
